CMPSE 2025

The 8th International Conference on Composite **Material, Polymer Science and Engineering**

Bangkok, Thailand | May 9-10, 2025 🕠

То

Welcome

The 8th International Conference on Composite Material, Polymer Science and Engineering (CMPSE 2025) will be held in Bangkok, Thailand on May 9-10, 2025.

CMPSE 2025 is a remarkable event which brings together professors, researchers and students in the field of Composite Material, Polymer Science and Engineering making the conference a perfect platform to share experience, foster collaborations across industry and academia, and evaluate emerging technologies across the globe, it also present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered, and solutions adopted in the fields of Polymer Science and Composite Materials. We look forward to welcoming you to Bangkok, Thailand in May 2025.

Publication

Papers submitted to CMPSE 2025 will be reviewed by technical committees of the conference. All accepted and registered papers will be published in Proceedings. And the press will submit all papers to major databases such as El Compendex, Scopus and Scholar.

Submission Now

The all papers should be submitted using the submission system provided by OpenConf system or Email.

1. Submit by system: <u>http://www.cmpse.org/openconf/openconf.php</u>.

2. Email submission: contact@cmpse.org

Note:

Please choose a way to submit, do not repeat delivery.

Contact Us

- Conference Secretariat: Ann Wang
- For submission and general queries: contact@cmpse.org
- For Program Related Queries: pc@cmpse.org

Supported by

Main Topic

Topics of interest for submission include, but are not limited to:

T1: New Materials and Properties

- Two-Dimensional Materials
- Crystalline Materials
- Energy Materials
- Metamaterials
- Optical Material
- Advanced Textile Materials
- Carbon Based Materials
- Green Materials

T2: Composite Materials

- Fiber Composites
- Structural Composites
- Functional Composites
- Biological Composites
- Green Composites
- Thermoplastic Composites
- Applied Composite Materials
- Textile composites

T3: Polymer Materials and Applications

- High Performance Polymers
- Functional Polymers
- Semiconducting Polymers
- Dielectric Polymer
 - 3D Printing Polymers
 - Natural Polymer Materials
 - Dynamics of Polymer Melts
 - Polymer Electrochemistry
 - Polymerization Technology

Important Dates

- Submission Deadline: February 21, 2025
- Notification Deadline: February 28, 2025
- Registration Deadline: March 7, 2025
